B A N G A L O R E.

Most Respected Sir,

It is a real joy to express our heartfelt thanks to your honour, on behalf of the Rajaputra Mahasabha, Bangalore, for having kindly given us an interview to represent the grievances of RAJPUTS.

We don't want to take much of your precious time in narrating the past glory of Rajputs and the present deplorable position they hold, which has been sufficiently dealt with in the Memorandum submitted to the Chairman, Backward Class Commission, New Delhi on 8th August 1953, copy of which submitted for kind perusal.("A")

Though the Association was started as far back as 1932 as a Registered Body under the Societies Regulations, we are not able to raise our heads even in respect of the fundamental amenities, due to lack of finance.

Having, by tradition, served in the Defence forces of our country, we have not been able to progress in other fields and walks of life and this has contributed a great deal to our present down-trodden and backward position.

Now coming to the point, Respected, Sir, we have been deputed by the above Association to urge before you, the points explained in the enclosed statement and seek redress at your hands, and we feel confident that the required relief will be afforded as far as possible.

Thanking you,

We remain,
With humble regards,

5. Grant of a site free of cost for building an Hostel for our students, who come over to Bangalore to further their studies, etc.,	At present the community has no hostel of its own for its students. As there is none who is in a position to finance to such an extent, we have approached Government in this behalf. In this connection, we wish to point out that two sites belonging to this Association in S.No.30 of Yeshavantapur meant for constructing an Hostel (Thakur Dwar) were acquired by Government in the year 1935 for widening Bangalore-Tumkur Road, and thus deprived of our site, meant for the Hostel. In lieu of this, no site has been given up till now.	Hence, it is earnestly requested that a suitable site, nearer to Schools & Colleges in City may kindly be given free of cost or at a concessional rate and supplement the same with a money grant in view of the poverty and backwardness of the Community
6. Proper aid to start a Co-operative Society.	The Association has recently on 12-7-53 at its General Body Meeting resolved to start a Co-operative Society.	Requests that the concerned authorities may kindly be instructed to give all facilities including monetary grant also.

MEMORANDUM repsectfully submitted to KAKASAHEB KELEKAR, Chairman, Bakward Classes Commission, New Delhi, by the Rajaputra Maha Sabha, Tholasithotam, Bangalore - 2.

It is gratifying to note that the above Commission have first chosen to visit Mysore State, but unfortunately under circumstances beyond the control of our Association viz., due to the absence of the President and some of the prominent members of the Mahasabha, we were not able to meet you and the Members of the Commission in person and represent our grievances. For this omission on our part, we crave your indulgence and request you to kindly pardon us.

The valiant RAJPUT race is one of the ancient races which is well known to India in particular and the World in large. They have sacrificed everything that they owned in this world for the sake of COUNTRY its PEOPLE and for its INDEPENDENCE. Countless families have given their lives for this cause and have upheld the honours of this Country. They came to limelight and prominence for having defended their motherland India to a greatest extent. The History tells us today in detail as to what we were and how the Rajputs defended the foreign invasion and kept the flag flying. It is certainly not an exaggeration, if we say, that every Rajput toiled in the Military services for the sake of the country and did not reserve anything for himself. They never dreamt to go in for other jobs or enter Trade. Though the Rajputs by birth had an Indepdendent spirit they had to serve the Foreignors in other parts of the World in field service and upheld their traditions even there under odd circumstances and showed to the Universe as to their courage and realiability. The INDEPENDENCE for which which the Rajputs toiled, has now been earned by MAHATMA GANDHI and we Rajputs of Mysore State, wholeheartedly pledge our support and declare that we are prepared to sacrifice everything for the NATIONAL GOVERNMENT OF INDIA formed under the able guidance of PANDIT JAWAHARLAL NEHRU, to protect the hard earned Independence.

HISTORY OF RAJPUTS

As already explained, countless families have given their lives

for the country fighting and resisting invasions after invasions till they grew lesser and lesser in number. They have become weak and insignificant and today, we are about 15,000 in number, but unfortunately we are no where. We the inhabitants of Mysore State have come as Members of the Indian Forces since ancient time (i.e., from 8th Century). As is always the case, the families of the Rajputs who came with the armies were not looked after, by the Governing authorities, so much so degeneration set in among us at a much rapid stride. Consequently today we are occupying a very deplorable position in the whole of South and our position in the Mysore State is not at all happy. Our Economic Status is very low and pitiable. Service conditions are bad. Representation in Government Service is nothing, if not, negligible. Facilities for the proper and rightful education of our children is woefully lacking. There are none in the popular Legislatures to champion our cause. Traditionally belonging to a Warrior class, as already sufficiently explained above, we have never given much attention to grasp opportunities that presented themselves in the business field, so much so, we have become insignificant and a prey to poverty and negligence and we are on the verge of complete destruction.

OUR PRESENT POSITION

As we are all aware, this sub-continent of Bharat achieved its independence about 6 years back and through its constitution it has proclaimed itself as a Secular State. This, of course, admittedly a marvellous thing in itself. But we have to point out frankly that from small village in Mysore to Delhi, only Majority Community is holding the positions and there is absolutely no entrance to Minor Communities like ours, to serve the country and cannot even think of getting themselves elected to local bodies, leaving alone the Assemblies, even under the Adult Franchise system. Though it is bad to form an Association to serve its own people, we are forced to form one, out of necessity, to represent our grievances.

OUR DIFFICULTIES - re. PROGRESS -

Under the circumstances we humbly represent that:

5

OUR REQUESTS -

1. Statewar survey should be made so as to find out what are the advanced communites and what are not, among the Backward Communites and after classifying so, concessions etc., should be provided to the non-advanced community, such as ours.

2. Our Boys and girls must be sufficiently encouraged in Education.

(b) Government should issue orders allocating certain funds for the education of our children, besides giving them ample scholarships.

(c) Disinterested and well informed guidance and counselling should be provided for Rajputs, in addition to statutory preference and financial assistance, to mould the sort of intelligent and far-sighted parental planning, which helps the youngman of more advanced convictions in the choice of Educational course and Professional carriers.

(d) Facilities should be given for private coaching or tutorial guidance during High School or College courses and must be followed up by a guarantee of appointment or by any provision for maintenance after graduation, during the indefinite but fairly long period of un-employment.

3. Educated youths must be given training in addition to monetary help in Trade, Industries and Agriculture.

4. Proper facilities must be provided to enter Assemblies and Local Bodies etc., thereby paving way to serve the Country and to render social service and to be with par with others.

5. Proper places must be given to the Educated in Government Service.

6. Facilities by way of financial help etc., should be provided for our people to start cottage industries.

7. Lands should be granted for cultivation and houses should be built and let out to poor at a reasonable rental basis.

8. We must be classified as RAJPUTS and should not be mixed up with any other community, as is being done now, so as to enable our students to get seats, scholarships in Educational Institutions.

In putting forward the above proposals of ours, it is the sincere desire and aim of the RAJAPUTRA MAHASABHA to explain the truth and nothing but truth and we have given expression to it and ventilated our real grievances and have sought redress at your hands and request to provide facilities for the amelioration of this downfallen community.

Thanking you in anticipation,

We remain,

Statement showing the various points represented and the relief sought for from the Chief Minister, Govt. of Mysore by the deputationists of the RAJAPUTRA MAHASABHA, BANGALORE, on 25th September 1953.

Points for consideration	Grievance & attempts made by the Sabha	Relief Sought for	Remarks
1. Providing seats in Educational Institutions like: (i) Engineer College, (ii) Medical College and Medical School.	(i) Though applied for seats our students are not provided with seats; for instances, this year 11 Rajput students applied for seats in the Engineering College, out of whom 7 were interviewed but none of them was provided with a seat. (ii) One student applied for a seat in the Medical College and 5 applied for Medical School, but none of them was given a seat. A communication in this behalf was addressed to the Principal, Medical School on 21-8-53. (Copy submitted for kind perusal.)"B"	A certain %age of seats should be ear-marked for the "Rajput" students at both the fields of Education.	
2. Classification of our community as "Hindustani Speaking Rajputs."	Though our community is different from that of Maratas, Urasus, Rajus etc., it has been intermingled with them and thus deprived of our quota of seats in Colleges. In this connection the Secretary to Govt., Education Department has been addressed in our letter dated 4-7-52 (Copy of which is submitted)"C"	Requests that our Community may be classified as "Hindustani Speaking Rajputs" so as to get sufficient representation in all Educational Institutions.	
3. Grant of ample scholarships to our students.	At present the number of scholarships granted to our girls is not sufficient and it is very negligible.	Scholarships may kindly be granted to atleast 75% of our boys and girls who apply for them either on getting certificates from this Association as to their community etc., or in the usual course.	
4. Providing proper appointments to the Educated persons in Government service.	Our community is scarcely represented in Gazetted Cadre though there are sufficient number of educated youths who are serving in the lower ranks. One such case of Sri B. Bhagavan Singh, B.A., B.L., a I Division clerk in the Labour Secretariat has been recommended to Government on 2-9-1953 by this Maha Sabha (Copy submitted for kind perusal)."D"	Requests that Sri B. Bhagavan Singh, B.A., B.L., may kindly be entertained in one of the following cadres, as he is fully qualified: (1) Amildars (2) Munsiffs and (3) Assistant Commissioners of Labour,

5. Grant of a site free of cost for building an Hostel for our students, who come over to Bangalore to further their studies, etc.,	At present the community has no hostel of its own for its students. As there is none who is in a position to finance to such an extent, we have approached Government in this behalf. (c) Disinterested and well informed guidance and counselling should be provided for Rajputs, in addition to statutory preference and financial assistance, to mould the sort of intelligent and far-sighted parental planning, which helps the youngman of more advanced convictions in the choice of Educational course and Professional carriers.

(d) Facilities should be given for private coaching or tutorial guidance during High School or College courses and must be followed up by a guarantee of appointment or by any provision for maintenance after graduation, during the indefinite but fairly long period of un-employment.

3. Educated youths must be given training in addition to monetary help in Trade, Industries and Agriculture.

4. Proper facilities must be provided to enter Assemblies and Local Bodies etc., thereby paving way to serve the Country and to render social service and to be with par with others.

5. Proper places must be given to the Educated in Government Service.

6. Facilities by way of financial help etc., should be provided for our people to start cottage industries.

7. Lands should be granted for cultivation and houses should be built and let out to poor at a reasonable rental basis.

8. We must be classified as RAJPUTS and should not be mixed up with any other community, as is being done now, so as to enable our students to get seats, scholarships in Educational Institutions.

In putting forward the above proposals of ours, it is the sincere desire and aim of the RAJAPUTRA MAHASABHA to explain the truth and nothing but truth and we have given expression to it and ventilated our real grievances and have sought redress at your hands and request to provide facilities for the amelioration of this downfallen community.

Thanking you in anticipation,

5. Grant of a site free of cost for building an Hostel for our students, who come over to Bangalore to further their studies etc.	At present the community has no Hostel of its own for its students. As there is none who is in a position to finance to such an extent, we have approached Government in this behalf. In this connection, we wish to point out that two sites belonging to this Association in S.No.30 Yeshavantapur meant for constructing an Hostel (Thakur Dwar) were acquired by Government in the year 1935 for widening Bangalore-Tumkur Road, and thus deprived of our site, meant for the Hostel. In lieu of this, no site has been given up till now.	Hence, it is earnestly requested that a suitable site, nearer to Schools and Colleges xxx in City may kindly be given free of cost or at a concessional rate and supplement the same with a money grant in view of the poverty and backwardness of the Community.
